

Franklin Watershed Committee, Inc.

Caring for the Lake Carmi Watershed

Franklin Watershed Committee members have been working hard to improve the water quality of Lake Carmi. Please help us in our efforts.

Your participation is essential to our success and to the health of the lake. Become a member today!

The FWC is a not-for-profit organization that depends on the involvement of all members of the community for support. We focus on all aspects of land use that contribute to phosphorus loading to the lake. As a member you can help in many ways:

- ❖ Take part in monthly planning meetings
- ❖ Read Franklin Watershed Committee's newsletter
- ❖ Participate in stream bank stabilization events and other work days
- ❖ Assist with grant writing and funding search
- ❖ Plan outreach events

We welcome any interested member of the community to our group. There is no member ship fee but any donation is greatly appreciated.
